SUMMARY

Highly skilled and innovative website developer with 4+ years of experience in designing and developing dynamic and visually appealing websites. Proficient in front-end and back-end technologies, I possess a strong foundation in HTML, CSS, JavaScript, React JS and PHP, as well as expertise in content management systems (CMS) like WordPress. I have a proven track record of delivering high-quality websites that exceed client expectations while adhering to best practices and industry standards. Committed to staying updated with the latest web development trends and continuously expanding my skill set.
